ARTICOLI IDROSANITARI

MADE IN ITALY

Da oltre 30 anni, Maryplast si occupa della fabbricazione di materie plastiche nel settore idrosanitario e in particolare nella produzione e commercializzazione di sifoni e pilette, estendendo il proprio mercato in tutta Europa. Negli ultimi anni l'espansione commerciale di Maryplast ha avuto luogo nel Medio Oriente e nel resto del mondo.

I prodotti finiti sono realizzati mediante moderni criteri tecnologici, garantiti e costruiti con materie prime di alta qualità, nel pieno rispetto delle vigenti norme di sicurezza.

Ricerca, sviluppo, tecnologia e controllo sono i valori chiave su cui Maryplast si basa per mantenere alti i livelli di qualità del prodotto.

From over 30 years, Maryplast deals with production of plastic materials in the hydro-sanitary sector and in particular in the production and marketing of siphons and drains, extending its market throughout Europe. In the last years commercial expansion of Maryplast took place in the Middle East and in the rest of the world.

Finished products are made through modern technological standard, warranted and made with high quality raw materials, respecting the current security norms.

Research, development, technology, control and the "made in Italy" are the key values of Maryplast.

SCATTINO

Novità

il clik
che ti
semplifica
la vita

Hai rotto il tappo a griglia, o vuoi rinnovare il tuo lavello?
Ti basterà svitare il vecchio perno a vite e avvitare quello nuovo con la chiave in dotazione e... il gioco è fatto!

Vantaggi:

Basta una lieve pressione per chiuderlo e aprirlo, permettendo così sempre la stessa altezza di apertura

Funziona anche con l'aiuto di un utensile

Scatta anche in presenza del tappetino di gomma

Espositore completo di 18 pezzi Scattino

Display with 18 pcs "Scattino"
